

# ANSH SHARMA

Full-Stack Developer · UI/Animation Engineer · School Student

github.com/AnshCoder2011 · linkedin.com/in/ansh-sharma-5820252a0 · anshs.netlify.app

## ABOUT

School student (ICSE, till 2028) at St. Joseph's School, Uttar Pradesh, India. Building production-grade software while studying full-time.

## EDUCATION

**St. Joseph's School**  
ICSE Board · 2028 Uttar Pradesh, India

## TECH STACK

Frontend  
React Tailwind CSS Redux  
Zustand

Backend  
Node.js Express MongoDB  
JWT

Anim/3D  
GSAP Framer Motion Three.js  
WebGL

Tools  
Vite npm Git

Lang  
JavaScript Python HTML CSS

## ACHIEVEMENTS

- 91+ GitHub stars across projects
- Published own language (Hinglish++) on npm
- 20+ major projects, 85+ side projects
- Built Phantom OS — simulated mobile OS in browser

## FEATURED PROJECTS

### Phantom OS

2024

#### Personal Project

- Fully simulated mobile OS in the browser using React — home screen, apps, animations.
- Feels like a real OS, built entirely from scratch. Live at anshphantom.netlify.app (pw: 2011).

### Hinglish++

2024

#### npm Published Language

- Created and published his own programming language to npm.
- Supports Hinglish syntax — a unique blend of Hindi and English programming constructs.

### YoChat

2024

#### Full-Stack MERN App

- Real-time chat application built with MongoDB, Express, React, Node.js.
- Features JWT auth, Zustand state management, and live WebSocket messaging.

### RockChess

2024

#### Full-Stack App

- Full-stack chess game with real-time multiplayer capabilities.
- Built with React frontend and Node.js/Express backend.

### 3D Cyberpunk Website

2024

#### Frontend / 3D

- Immersive 3D experience using Three.js and WebGL with GSAP animations.
- Live at anshcyberpunk.netlify.app — demonstrates advanced animation skills.

### 3D Mac Clone

2024

#### Frontend Clone

- High-fidelity macOS UI clone built entirely in the browser.
- Uses Framer Motion and advanced CSS for pixel-perfect interactions.

## OTHER NOTABLE PROJECTS

- AI Code Reviewer · Trionn Agency Site · Ochi Agency Clone
- Uber Mobile Clone · Full-Stack Chatbot (anshchatbot.netlify.app)
- 85+ additional side projects on GitHub

## CURRENTLY BUILDING

- Minecraft Client — production-ready client for real users.
- High-quality portfolio experiences with smooth UI and production-ready features.
- Exploring AI/ML as next technical frontier.

## OPEN TO

- Internships — especially frontend, full-stack, or animation/UI-heavy roles.
- Collaborations on exciting open-source or product ideas.
- Not freelancing currently — focused on studies and personal projects.
